BODY OF SLAIN AIRPLANE PILOT FOUND IN BRUSH

Ernest Pletch, Barnstorming Aviator, Under Arrest As Suspect

BLOOD STAINS FOUND ON FRONT SEAT OF AIRCRAFT

Carl Bivens Believed Victim Of Passenger He Took For Flight

MACON, Mo., Oct. 28.—(AP) The body of Carl Bivens, 36-year-old flying instructor who vanished mysteriously with a passenger in a yellow plane yesterday was found in a thicket near here tonight, a few hours before Ernest Pletch, barnstorming aviator made a forced landing near Bloomington, Ind. and was arrested by Indiana highway police.

At Brookfield, Mo. Prosecuting Attorney Dick Green said he was filing charges of first degree murder, kidnaping and airplane theft against Pletch and would ask his extradition from Indiana.

Bivens had been missing since he took a passenger who, Missouri Highway Patrol Captain W. J. Ramsey said answered the description of Pletch for a flight.

Indiana State Police Superintendent Don F. Stiver said Pletch was taken into custody on a technical charge and is being held for Missouri authorities.

Pletch who Captain Ramsey said answered the description of the "flying Lochinvar" who proposed marriage to an Illinois girl after a wild flight last summer, was under $500 bond pending trial on an airplane theft charge at Evansville, Ind.

Police at Hannibal, Mo., announced they took into custody this afternoon a woman who said she was married to Pletch at Palmyra, Mo., September 21. Sergeant W. R. Marks said the woman, who is held without charge, denied being with Pletch the last 24 hours.

Bivens' body was found near Cherry Box, Mo., 25 miles north of Macon. Ramsey said Bivens had been gagged with a glove and handkerchief and the body showed marks of violence.

1 DIES, 4 HURT IN BUS-AUTO CRASH

WINONA, Miss., Oct. 28.—(AP)—The headon crash of an Arkansas car and a school bus, 12 miles east of here today, cost one life and resulted in injuries to four other persons.

Raye R. Burch, Helena, Ark., investment dealer and president of the Arkansas Power Development association, was injured fatally in the mid-morning crash.

The injured were Dr. William A. Ellis of Helena, who suffered a fractured skull, broken left leg, broken left hand; Cecil Burford, Helena manager for the Coca Cola company, broken left hip and right knee; Dan Baldwin, Helena service station manager, back injury; and the school bus driver, whose name was not obtained, scalp wound.

The Arkansas party was en route to Tuscaloosa, Ala., where the members were planning to see the Alabama-Mississippi State football game.

The school bus, occupied only by the driver on this non-school day, was reported to have been making a turn at the time of the accident.

Louisiana Ends Turbulent Week

Records Reveal More Profits For Noe Firm

Over-Ride On State Lands In Iberville And St. Martin Approved By Noe As Governor; Win Or Lose Paid One Dollar For Rights Up To $200,000

State Mineral Lease No. 323 has an interesting history.

It embraces oil lands in Iberville and St. Martin parishes, and includes all the water bottoms owned by the state in the Bayou Bouillon salt dome, which has produced some liquid gold.

Lease 323 was awarded to D. J. Simmons, business associate of Senator James A. Noe, on Sept. 24, 1935. Gov. O. K. Allen made the award and Simmons parted with just fifty dollars as consideration for this oil preserve.

There were three bidders for the lease, and Simmons' offer was smaller than any of them. His bid was $50 and a pledge to drill within six months. The Texas company bid $3,000, and the Lincoln Oil company, through its president, William Helis, offered $550 cash and $25,000 in oil, payable out of 1-25 of his 7-8 royalty.

So, Helis' cash bid was eleven times greater than that of Simmons, and the cash bid of the Texas company was sixty times greater than the Simmons tender. But, Simmons got the lease. The Lincoln and Texas companies agreed to drill within a year.

As history has recorded, Gov. O. K. Allen died late in January, 1936, and Lieut. Gov. James A. Noe succeeded him.

On Feb. 26, 1936, Governor Noe officially approved an assignment of a royalty interest of 1-16 of Lease No. 323 to the Win or Lose corporation, which he had organized in October, 1934, and which he owned and controlled.

Under the terms of the assignment the Win or Lose company was to get the 1-16 override UNTIL THE SUM OF $200,000 HAD BEEN PAID, after which it would draw 1-32 in royalties.

The Win or Lose corporation did not get this valuable assignment of a small part of a state lease which a few months before had brought only $50 for nothing. It paid one dollar in cash to Simmons for that hoped-for $200,000 minimum. The assignment recites that there was other good and valuable consideration, but its nature is not revealed.

On the same day that Simmons assigned the 1-16 override to Governor Noe's company, with the official approval of Governor Noe, Simmons transferred to George M. Wallace a royalty interest of 1-256 for $1 down "and other good and valuable consideration known to the parties, including the value of legal services rendered by the grantee to the grantor as an attorney at law."

Mr. Wallace was at that time first assistant attorney general of Louisiana. He later became special executive counsel to Gov. Richard W. Leche, and now serves in that capacity for Gov. Earl K. Long.

All the facts contained in this article are taken from the records of the State Land Office. The Bayou Bouillon area has proven productive; and while, of course, there are no actual figures available, the one dollar that the Win or Lose corporation invested with Simmons ought by this time to have shown a good profit.

Governor Noe officially approved the assignments to himself and to Wallace.

CZECHS, NAZIS CLASH FIERCELY

Rumor States Four Killed And Undetermined Number Wounded

PRAGUE, Oct. 28.—(AP)—An undetermined number of Czechs and Germans were reported wounded tonight in violent clashes resulting from demonstrations in observance of the twenty-first anniversary of the Czecho-Slovak republic.

Shots were heard in various parts of Prague. The demonstrations increased in violence as the night wore on.

Strongly-armed police patrolled the streets seeking to enforce the Nazi ban on public observance of the national holiday.

A cordon of police was thrown around the center of the city, isolating that section.

U. S. OFFICIAL SAYS JAPS DEMANDED BOW

HONOLULU, Oct. 28.—(AP)—H. Stanley Wilson, uniformed United States customs inspector at Hilo, Hawaii, reported today Japanese officers would not let him board the Japanese training cruiser Yakumo because he refused to bow to a sentry before stepping aboard the ship.

Wilson said Japanese officers demanded that he bow.

The admiral's flagship Iwate received the customs officer without a hitch.

J. Walter Doyle, customs inspector at Honolulu, said he would request an explanation from Binjiro Juio, acting Japanese consul general.

JONES ANNOUNCES SPEECH SCHEDULE

Will Spend Four Days In Orleans Before Going To Second District

NEW ORLEANS, Oct. 28.—(AP)—Sam Jones, Lake Charles candidate for governor, announced from his state headquarters here today that he would spend the first four days next week in New Orleans before going to the second congressional district Thursday for appearances in St. James and St. John parishes.

On Monday night from 6 to 6:30 he will deliver a statewide radio address to the voters, and at 8 p.m. he will appear at a business men's meeting.

Thereafter he will meet individual groups here and on Saturday he will speak at Napoleonville before a courthouse rally at 7:30 p.m.

Charles Zatarain, city campaign manager, announced this week that the Sam Jones tickets for house and senate had been completed.

"Favorable reports are going to headquarters from all sections of the city and I feel confident that we are going to whip the machine," Zatarain said.

Headquarters for Governor Earl K. Long announced that the governor would speak Sunday at 2:30 p.m. at Lafayette and at Abbeville at 7 p.m.

Governor Long will appear at Natchitoches next Thursday afternoon and will return to New Orleans Sat-

COUPS, OUSTERS AND THREATS OF OUSTERS OCCUR

19 Accused In Political Scandals Will Be Arraigned November 7

TRIAL DATES FOR TWELVE OTHERS WILL BE SET SOON

Steps Taken To Compel Acceptance Of Suit To Oust Governor Long

NEW ORLEANS, Oct. 28.—(AP)—Political opponents and the state administration today moved toward a comparatively quiet week-end after a turbulent week filled with coups, ousters and threats of ousters, but officials prepared for criminal trials ahead.

The United States district attorney's office will arraign 19 persons accused in political scandal indictments in federal court on November 7.

New District Attorney Niels Hertz said trials for 12 persons charged in other scandal cases would be set as soon as the criminal court disposes of technical pleadings.

In one of the most torrid weeks Louisiana has seen since Huey P. Long was shot to death in the state capitol four years ago, these things happened:

1. Attorney General David M. Ellison, protege of the indicted former Governor Richard W. Leche, announced his candidacy for reelection in opposition to Governor Earl K. Long's state administration ticket.

2. The governor, with the aid of state troopers, fired Ellison, charging he was holding office illegally by taking the oath of attorney general while in the first assistant's job and thus automatically relinquished all claim to both positions.

3. Immediately thereafter the governor claimed that First Assistant Attorney General James O'Connor, Sr., was illegally holding office, since he had been appointed by Ellison. O'Connor was fired.

4. The governor appointed Second Assistant Attorney General Lessley P. Gardiner to Ellison's job. Gardiner, in turn, appointed Edward M. Heath, law partner of one of Long's campaign managers, to O'Connor's job.

5. Heath, acting quickly, took the place of O'Connor, who was superseding District Attorney Charles A. Byrne at the public hearing being held for that official.

6. The hearing, asked by Byrne because seven grand jurors had accused him of blocking a corruption probe here, was delayed till just as the records of 15 firms had been subpoenaed for examination. This was in connection with the sensational charges of a huge alleged tax reduction racket brought out at the trial.

7. Ellison, making no protest over his sudden dismissal, said after a conference with the governor he was glad to be out as attorney general and withdrew his candidacy. No statement was obtained from O'Connor, who for years had been an administration man.

8. District Attorney Byrne, denying he would quit, resigned and was replaced by an assistant, Niels Hertz, who was commissioned by the governor.

9. An independent attorney and four supporters of State Senator James A. Noe, gubernatorial candidate, unsuccessfully tried to file with Hertz

CATAHOULA STATE SOLON INDICTED

Representative H. W. LeTissier Accused Of Dual Office-Holding

HARRISONBURG, La., Oct. 28.—(Special)—State Representative H. W. LeTissier, of Jonesville, and Herbert O. (Daddy) Monroe, a candidate for representative in the January elections, were indicted by the Catahoula parish grand jury which made a partial report on its investigations here today.

LeTissier's indictment was another of those state political "scandal" affairs, but the indictment of Monroe was the result of an alleged traffic law violation.

LeTissier is accused of dual office-holding. In addition to his position as state representative, he also holds the post of deputy moratorium commissioner of Catahoula parish. When advised of the indictment, LeTissier quickly raised $250 bond.

Monroe, a candidate for LeTissier's seat in the state legislature, was indicted on a charge of reckless driving. Monroe is accused of violating a traffic ordinance by passing a school bus while school children were unloading.

The jury, which had been in session two weeks, made its partial report to Judge R. R. Reeves and asked to be adjourned until November 7, when the body will reconvene to complete its investigations.

FISHER QUITS RACE FOR EDUCATION HEAD

NEW ORLEANS, Oct. 28.—(AP)—E. H. Fisher of Shreveport, former superintendent of Bienville parish schools, today formally announced his withdrawal as a candidate for state superintendent of education and his support of John E. Coxe of Baton Rouge. Coxe is former state high school supervisor.

Fisher said he was sacrificing his ambition to become superintendent because he felt Mr. Coxe's election was "assured" in view of his wide knowledge of the school system.

"I have fought the present school dictatorship for the past eight years," Fisher said and "the consuming desire of my life is to rid Louisiana of its dictatorial system."

He said he would give his entire support to Coxe and in his statement urged Professor L. A. Sims, the other candidate opposing State Superintendent T. H. Harris, incumbent seeking reelection, "to join me in this patriotic movement in the interest of the welfare of our schools."

OHIO STATE, PENN AND MISSISSIPPI OFF UNBEATEN LIST

By Herb Barker

NEW YORK, Oct. 28.—(AP)—Ohio State, Penn and Mississippi slipped off the unbeaten path today but most of the other football powers survived to fight another day.

No previous Saturday of this dizzy season has furnished quite so many fireworks. There were long runs all along the line and fisticuffing in at least two major ball games, both, by coincidence in New York.

Ohio State, hailed as one of the country's greatest machines, fell before unbeaten Cornell's Ivy leaguers, 23-14, as a crowd of 50,000 looked on at Columbus. Ohio State scored 14 points before the easterners began to roll but before the Big Red was through it had scored more points than any previous Ohio State opponent since Francis Schmidt began to coach the Buckeyes.

Penn was a victim of North Carolina's brilliant Tar Heels, who took advantage of every opportunity and piled up a 30-6 score on the bewildered Quakers. Jim (Sweet) Lalanne threw three touchdown passes and scored himself.

Mississippi's defeat was no particular surprise, since the Rebels encountered Tulane's powerful Green Wave. Paced by Bob Kellogg who dashed 106 and 24 yards to touchdowns, the Green Wave won 18-6.

The east enjoyed another good day on the intersectional front. Not only did Cornell pull one out of a hat, but New York university stopped Georgia, 14-13, in a game enlivened by some impromptu boxing matches; Villanova whipped Arkansas on Joe Belot's 82 yard run, and crippled Columbia trounced Virginia Military, 26-7, despite a 95-yard run by Bosh Pritchard.

On the other side of the ledger, however, Notre Dame nipped Carnegie Tech, 7-6, as John McIntyre, center, blocked what might have been the tying point after Carnegie's touchdown.

Clemson, even without the services of Banks McFadden, was too tough for Navy and won, 15-7, while Tom Harmon, running for three touchdowns, paced Michigan to an expected 27-7 rout of Yale. Undefeated Kentucky gave the south another triumph in whipping Xavier of Cincinnati, 21-0.

In the east, Fordham took advantage of one big break and scored its first victory over Pittsburgh, 27-13. With the score tied at 13-13 in the fourth quarter and Pitt on the Fordham three, Dick Cassiano's fumble was picked out of the air by Vince Dennery and the Fordham end ran 99 yards to a touchdown. That broke the Panthers' resistance.

Dartmouth, with Bill Hutchinson in the starring role, easily whipped Harvard, 16-0; Princeton ran over Brown,

Campaign To Be Resumed With Vigor Monday; Activities Lag Saturday

What with most offices closing at noon and retail stores busy handling heavy Saturday crowds throughout the day and early night, little progress was recorded yesterday in the second annual financial campaign of the Twin City Community Chest in Monroe and West Monroe.

With those not working hovering around radios listening to football broadcasts, few reports were turned in at Chest headquarters in Hotel Virginia. Consequently the indicators in the thermometers showing the progress of the campaign remained at $9,000.

15-STATE WELFARE CONFERENCE SOUGHT

LITTLE ROCK, Ark., Oct. 28.—(AP)—Approval of plans for a proposed 15-state conference of public welfare administrators by officials of four of the states was announced today by State Welfare Administrator John R. Thompson, who suggested such a meeting be held here next month.

Thompson said that welfare directors of Georgia, South Carolina, Texas and Mississippi had written him of their approval while Ed McDonald of Kansas City, regional director of the bureau of public assistance of the social security board, had wired him that he believed such a meeting would be a "bit premature."

The Arkansas director had suggested that the conference take up the relationship of the state departments with the federal agency and discuss an amendment to the social security act which gave the board authority to impose a merit system in selection of state welfare workers.

His letters went to welfare directors in Oklahoma, Texas, Florida, Louisiana, Mississippi, Tennessee, Missouri, Alabama, Georgia, Kentucky, Virginia, North and South Carolina, and New Mexico.

"I believe we could profitably have a conference," Commissioner W. F. Bond of the Mississippi department of public welfare, informed Thompson.

HOUSE FIGHT ON EMBARGO LOOMS

Seldom-Used Parliamentary Strategy Put In Readiness By Leaders

WASHINGTON, Oct. 28.—(AP)— Seldom-used parliamentary strategy was put in readiness tonight to slide the administration's neutrality bill through the house without change next week but militant foes of arms embargo repeal served notice that they would not serve as a "rubber stamp."

Administration leaders expressed confidence that they had the strength to steer the measure safely through, some placing the margin of victory as high as 50 votes. However, Representative Fish Republican, New York, leading the fight for retention of the embargo, hotly contested such claims. He asserted there was a good chance to reverse the verdict of the senate, which passed the bill containing the repealer last night.

Whatever the outcome, a floor fight of major proportions appears assured when the house leadership tries to start its carefully-geared machinery to prevent any amendment of the senate bill.

Speaker Bankhead announced that the leadership would move to send the bill to a joint senate-house conference committee to compose the wide differences between the measure approved by the senate and that which passed the house last summer. The chief difference is that the house bill provides for a modified embargo. It would prohibit the shipment to belligerents of arms and munitions, but not such "implements of war" as airplanes.

Under the procedure outlined by Bankhead, it appeared the only chance the house would have to change the

GROCERY CLERK SAYS LAST MONTH BLANK

LAKE CHARLES, La., Oct. 28.—(AP)—A man who said he was L. C. Patrick, Genoa City, Wis., grocery clerk, walked into police headquarters here and said he had just "awakened" with no knowledge of his actions for the past month.

Patrick, giving his age as 24, told officers he had started on an automobile trip September 25 or 26 but now had no idea what had become of a man companion or the car in which they were driving to Richmond, Ill.

Patrick said he had "awakened" Friday morning after spending the night on the lake front here and was surprised to learn he was in Louisiana. He said he had a wife and three children in Wisconsin.

Police late today received a telegram from an uncle, Harold Gast of Genoa City, who asked that Patrick be held until someone arrived to look after him.

America Concerned By Conflicting Reports Of Vessel's Fate

BIG GERMAN AIRPLANE IN SCOTLAND BROUGHT DOWN

France Makes Plans To Release 100,000 Men From Army Service

WASHINGTON, Oct. 28.—(AP)—The United States made new charges tonight that Soviet Russia "withheld adequate cooperation" in the dispute over the captured American freighter City of Flint.

In a statement reviewing the capture of the vessel by a German raider and her subsequent entry into the Russian port of Murmansk, the state department contended it was the Soviet government's "clear duty" to turn the craft over to her American crew.

The department, which maintains the entry was illegal, said the Germans apparently had changed their story as to why it was necessary to take the craft to Murmansk. First, the statement said, it was alleged that the German prize crew lacked needed charts.

"Later this ground seems to have been abandoned and a new ground for theory relating to defective machinery was set up."

The new charges steered close to open accusations of Soviet bad faith and laid the groundwork for additional diplomatic action. They reinforced the "indignant" protests made yesterday in Moscow by Ambassador Laurence A. Steinhardt.

AMERICA PUZZLED BY CONFLICTING REPORTS

(By Associated Press)

Puzzled and deeply concerned by conflicting reports from Germany and Soviet Russia on the captive American freighter, City of Flint, the United States tried last night to penetrate a maze of diplomacy and official secrecy for definite news of the vessel.

German authorities in Berlin insisted the vessel had sailed for "some German port," as previously reported, from the north Russian port of Murmansk, to which she was taken earlier this week by a German prize crew.

But the state department at Washington received a report from its charge d'affaires in Berlin, Alexander C. Kirk, that German officials had told him the City of Flint still was at Murmansk and that the American crew was aboard.

Earlier reports said the City of Flint had sailed under the German prize crew for Hamburg, Germany.

Elsewhere in Europe:

Britain's air force downed a large German reconnaissance plane in Scotland after a spectacular air battle. Two German airmen were killed and two captured. The plane apparently was headed for the strategic Firth of Forth and the Rosyth naval base.

An order expected to release 100,000 men from war service was issued by the French government despite signs that the Germans might be massing for an offensive on the western front.

On the western front itself, the French said German forays against French lines were driven back while

TECH OPEN HOUSE TO ATTRACT MANY

RUSTON, La., Oct. 28.—(Special)—With the weather man's prediction of "fair and cooler" weather Sunday afternoon, Louisiana Tech is planning to welcome a larger number of visitors to the campus than was at first expected for the open house observance to be held from 3:30 to 6 p.m.

In a statement to the public, President E. S. Richardson of Tech urged all who could visit the campus to do so. The six buildings on the open house itinerary are as follows: the boys' new dormitory, the girls' new dormitory, the new dining hall, the girls' old dormitory, the home management house and the president's house. The last three of these are buildings which have been redecorated and refurnished.

Stressing the fact that the event would be strictly informal, the president said: "This visitation is in no way formal and the invitation is extended to all. At this open house there will be no receiving lines, no formality whatsoever."

There will be students and faculty members of Tech on hand to welcome the guests and answer questions. Cars will enter the campus from the north side to permit easier handling of traffic, it was announced.

It was announced at Chest headquarters that Mrs. George Wesley Smith had donated a luncheon cloth to be auctioned at the celebration of workers at the culmination of the campaign. Like a bedspread she contributed last year, it will be auctioned for cash, with the proceeds going to the Ouachita unit of the Louisiana Society for Crippled Children. The luncheon cloth is hand-made cross stitched and bordered with hand made crochet.

The campaign will be pressed with vigor Monday, it was announced at headquarters. It was said there that financial campaigns of every kind always lag at the end of the week.

The chest campaign this year is on behalf of 11 welfare and character-building agencies operating in Monroe and West Monroe. The goal is $29,960.

Red Cross Ever Active Both In Times Of War And Peace

"Many people think of the Red Cross as active only in time of war," stated George D. Holland, local roll call chairman, "but this is not the entire truth. In fact the Red Cross has far more widespread activities than that." He proceeded to mention a number as follows:

1. Disaster relief. The chapter maintains a disaster relief committee ready to carry on whenever need arises.

2. Service to veterans. The chapter looks the year round with all problems of ex-service men and their families.

3. Service to army personnel. The problems of 15 men enlisted in the regular service were treated through the chapter the past year. Social problems such as a peace-time as well as a war time function.

4. First aid. The trained Red Cross first aider has been the instrument of saving thousands of injured persons. During the past year first aid instruction was given at the Brown Paper mill, Paramount and Capitol theaters, WPA, Y. W. C. A., Boy Scouts, student nurses, Northeast Junior college and to public school teachers. A total of 202 persons were awarded first aid certificates.

5. Life saving. The Red Cross life saving insignia is the sign of safety at every pool, beach or other swimming center. Last year the chapter gave life saving instruction to 51 persons and 34 were given life saving certificates.

6. Highways and first aid stations. A program was initiated by the Red Cross to aid the state along highways and to possibly cut the toll of motor vehicle deaths. From the one now operating in Ouachita parish comes the report that eight persons were rendered aid the past year.

7. Public health nursing. The Red Cross nurse employed by the chapter, makes visits to or on behalf of the sick, renders first aid to families and renders other assistance upon recommendation of the family physician. The chapter nurse gave care to 62 persons and made 364 visits to the sick in 1938.

8. Home hygiene and care of the sick. The Red Cross nurse holds classes in methods of care of the sick and home sanitation for any group of ten or more. During 1938, eight classes were held, 153 persons given home hygiene and care of the sick instruction, and 100 persons successfully completed the course.

9. Junior Red Cross. The members of the Junior Red Cross have for their motto "I serve." Grouped by schools they aid in community projects, organize welfare programs and engage in making gifts for children of veterans and aged in hospitals.

10. Civilian relief. The chapter is engaged in giving emergency relief in close cooperation with public welfare departments and other private agencies. The aid given consists of assistance to families in their homes, helping those not eligible for various reasons, for public assistance. During the past year, 612 civilian families were rendered assistance.

11. Home and farm accident prevention. A program aimed at conserving human life and limb. Through educational methods the Red Cross seeks to teach home dwellers and farm families to warn against hazards of accident. The program was carried on in Ouachita parish chiefly through newspapers, radio and the Junior Red Cross members.

12. In addition to volunteers in the city and parish who give freely of their time to develop the foregoing services, there are volunteers who sew garments, make layettes, assist with office routine and equip the chapter's loan closet with supplies for the sick. There are also hundreds of volunteers who work every year in the annual roll call making it possible to carry on the work of the Red Cross most effectively.

Salvation Army Strives To Aid All Of Humanity

Organization Endeavors To Relieve Suffering And Assist Outcasts

(EDITOR'S NOTE: This is another of a series of articles about agencies affiliated with the Twin City Community Chest, which is now in the midst of its second annual financial campaign.)

The local office of the Salvation army is humanity's wastebasket, according to Adjutant and Mrs. Glen Washburn, officers in charge. To this office, 24 hours a day, come residents and transients, each with a peculiar problem. Adjutant and Mrs. Washburn, trained in the Salvation Army Training college, are accustomed to many different types of trouble, and through their long experience have acquired a vast knowledge of human nature.

The Salvation Army, in its earliest beginning declared war on every human ill and evil, and every army corps is manned by trained officers whose lives are dedicated to the proposition of righting wrongs and adjusting the results of mistakes and misfortune. When suddenly calamity strikes, whether mine disaster, flood, hurricane or fire, the familiar army uniform is always in evidence.

Broken homes, lives and businesses come under the scope of the army officers' problems. For delinquent girls, the army in this division, comprising Louisiana, Mississippi and southern Arkansas, has access to three homes and hospitals, where proper medical, spiritual and vocational attention is given to those who have made mistakes. Several industrial homes for men receive those who have become social liabilities and there complete rehabilitation is offered every individual. Family and transient relief are perhaps conducted on the largest scale of any organization in the world devoted to practical social service work.

To the salvationist, avers Adjutant Washburn, this is but a fragment of the picture. For salvationists are primarily concerned with a widespread religious program. The army's founder, General William Booth, gave a charge to his officers at the turn of the century that has become the rallying cry of this international organization when he emphasized the need of fighting hunger and want. To the salvationist, service is a life theme.

The Salvation Army corps is purely a local asset, yet is an integral part of an organization so vast that the officers have direct access to and cooperation with their fellow officers in far away lands. The sun never sets on the yellow, red and blue flag of this army of service. Yearly, its' missing friends' department, with offices and contacts throughout the world, seeks and finds thousands of people who have been out of touch with their relatives for years. Thousands of children are placed in their homes, immigrants are prepared for better lives in distant colonies, criminal tribes in India are taught useful lives. Practically every jail of any size in the world is another scene of army activity, yet the officers are part and parcel of local civic life.

To the office of the army come the distressed, the sick, discouraged, unemployed, homeless and bewildered, to receive the guidance and assistance that the case requires. Seeking to strengthen the character as well as render material assistance, the army has reached hundreds of lives during the past year in Monroe and West Monroe, and an enlarged and more specialized program has been approved for the coming year. The Salvation Army, trained to serve, still welcomes to humanity's wastebasket the problems for which it was brought [illegible] a penny [illegible] cal program, whose [illegible] the heart of the Ar[illegible] whose voice is heard [illegible] lands of the north. NOT THE END

One of the most [illegible] to be heard these days is that [illegible] European war will mean "the end of civilization."

Because [illegible] it is good to hear the calm [illegible] President James B. Conant of Harvard university when he spoke recently to a class of incoming freshmen. Dr. Conant [illegible] certain assumption about the next 10 years "sufficiently probable to be the basis of intelligent action." And first of these was ". . . that contrary to the dire prophecies of recent years, we are not facing the end of civilization."

A moment's reflection shows that Dr. Conant is right. Such a war may set civilization back, as the last one definitely did. But a civilization does not die suddenly, from heart failure. It dies gradually, from what the doctors like to call, euphemistically, a complication of diseases.

BRUTAL FACTS

Cold and hard, like chemical analyses, are the war communiques issued by belligerents on activity along the western front.

From French communique, No. 92: "There were numerous patrols during the day, on both sides, more especially in the region east of the Moselle. Our artillery was particularly active in the same district."

No mention here of the lives lost, the blood spilled; nothing of the groans that haunt a battlefield nor of the powerful shells that level whole buildings in one ghastly blast. There is no hint of men going mad, dying with disease, weakened by the fever of death.

War communiques are as impersonal as a report of a chess game. Only by occasional vague implications do they give even a faint hint of what is really happening.

WHY STEEL BOOMS

A direct clew to the reason why steel production in the United States climbs toward 90 per cent is contained in a study by the American Iron and Steel institute.

It is not so much that war materials are being made for export as the fact that among the chief steel-exporting countries have been England, France, Germany and Poland. None of these is at the moment in a position to export much finished steel.

Other countries, unable to get it from their usual sources of supply, have been turning to the United States, for Belgium, Luxembourg, Sweden, Canada and Hungary, the other chief steel exporters, could not supply it all. Thus steel feels a "war boom" by indirection, but not necessarily one based directly on the arms traffic.

State officials who aren't getting much sleep these nights have nothing on us, what with the neighbor's radio blaring all night with bulletins on the European situation.

• BRUCE CATTON IN WASHINGTON

WASHINGTON—A minority freshman congressman, who refused to be squelched by cold-blooded tradition that keeps first termers tongue-tied, is responsible for one of the biggest obstacles facing the administration neutrality bill when it gets to the house.

The first-termer responsible is Congressman John Vorys of Ohio, who slipped into last summer's Bloom bill—somewhat to the surprise of everyone concerned, including himself—an amendment prohibiting the sale of arms and munitions to belligerents.

If the Bloom bill had not carried that clause, the administration's task in getting the embargo repealed would be considerably simpler. Not only does the clause complicate the parliamentary situation a bit, but it drew into being a surprise pro-embargo majority in the house and thus makes the creation of a repeal majority an uphill fight.

• • •

Vorys Quiet In Committee

As a freshman, Vorys was assigned last winter to the house foreign affairs committee. He was neither more nor less vocal than the other pro-embargo members when the Bloom bill was before the committee.

Because he studied the question carefully and had gained in the Ohio legislature some skill at drafting bills, the pro-embargo committee bunch turned to him to draft its changes and put them into shape for submission to a vote.

JIMMIE FIDLER In Hollywood

THE PALACE HOTEL SAN FRANCISCO Oct. 25—Dear Staff Writers: [illegible] nothing more [illegible] than a movie star away from home—I've been watching some of the fun folks who came up here for the U. C.-U. S. C. football game and it's been great fun.

All of them are divided between two fires. They're worried sick that the autograph hounds will get them and they're worried sick that the autograph hounds won't get them.

As the train neared San Francisco they commenced to complain about mobbing fans. There was grimacing from all sides, and stars by the dozen were audibly wishing there were no such things as autograph hunters.

But I notice no one sneaked off the platform of the last car, which would have been simple. Furthermore, I caught more than one star giving a sly glance at the crowd around his neighbor—to see, of course, if the other actor had attracted a larger group.

At that, it's tough on a movie star to go away from home. He can't be himself because he's under close scrutiny every minute. If he doesn't tip the Pullman porter twice what the ordinary rich man tips, he's a piker. If he would like to let his morning shave go until he reaches his hotel, he dare not for there may be cameramen at the station. He can't afford to be called slovenly.

Of course, I've always contended that much of a star's troubles are in his own mind. Why should he tip more than ordinary? Why shouldn't he wait to shave at the hotel? What if someone does criticize him? If his pictures are good, nothing else matters. The only public question that counts in the long run is: "Does he deliver?"

JIMMIE FIDLER.

Your Excellency: If any of our stellar companions wail too loudly about "loss of personal privacy," tell them how Janet Gaynor, seven years ago, spent three weeks in a Wisconsin summer resort under the name of "Smith." Remember? Beyond that simple incognito, she made no effort at concealment, yet remained absolutely unrecognized. If Janet, then the screen's most popular star, could do that, so can anyone else—if he wants to.

Speaking of traveling stars, here's irony: The other day Isa Miranda received a letter from one Maria Taglia, a best friend whom she had not seen since they were school girls in Italy [illegible] Miss Taglia [illegible] China announced she would arrive in Los Angeles on November 4th and looked forward to their reunion. But there won't be a reunion. Isa had already booked passage for Italy, leaving here on November 4th—and will not return until two days after Miss Taglia's scheduled departure.

Here's today's harvest of movie reports and rumors: M-G-M is again marking "Madame Curie" "postponed"; if "Ninotchka" clicks at the box office, the Garbo will be pushed into another comedy. . . . Adolphe Menjou did his Hollywood popularity no good when he told conventioning clothes buyers Filmville's greatest need is a good designer of male toggery and added he was tired of working with sloppily-dressed men. . . . Brenda Joyce's grandmother, Mrs. Geneva Roberts of Excelsior Springs, Mo., is reported fatally ill and Brenda is trying to arrange a flying visit.

Morton Downey, Cocoanut-Grover, is talking contract with Walter Wanger and may star in a filmusical. . . . The Lew Landers (he's the RKO director) are asunder. . . . Ditto Director Ray McCarey and his wife of sixteen years standing. . . . Marlene Dietrich is on the injured list—intending to kick Charles Winninger's rear for a scene, her ankle hit the six-gun at his hip. . . . Ida Lupino and Louis Hayward are reading play scripts proffered by Gotham producers. . . . Your New York operative posits that Rudy Vallee and Gloria Youngblood are serious again. . . . Great excitement at the Dinehart manse when Mrs. D summoned police because she saw a man climb in a rear window—it was Alan, who'd forgotten his key.

The armistice bulletin came and the boys on the deck tossed everything in the air and boiled out the window to get drunk in a hurry. Masters stayed to shape up the paper and get it away. When he later arrived at the club bar, little Krafft like all the others, was ahead by about eight highballs. Tall, black, formidable, scowling as usual, Masters approached the mob at the bar. And he greeted them as usual. "Under what flag?" he snarled.

Many doctors believe the effect of treatment on the mind is one of the largest and most important factors in the cure of cases of arthritis or rheumatism. Physicians have injected ordinary salt solution in patients instead of the vaccine and, in some instances, have found the results were just about as good as with the vaccines.

One group of physicians substituted salt solution for the vaccine in a group of 20 cases of atrophic arthritis and 15 cases of hypertrophic arthritis. All of the patients who had been responding favorably to the vaccines were changed over to the salt solution and continued to improve.

Another group of patients was given just the injections of salt solution without having been given the vaccines. They did just about as well as those given the vaccines.

Doctors know that the injection of remedies into the body has a strong psychic effect. It is difficult to discount this effect in any form of injection treatment.

Every person with arthritis represents an individual who requires special attention according to his own character and his own condition. It is not possible by any routine technic to control all cases of arthritis.

WASHINGTON—As the time approaches for termination of the United States-Japanese trade treaty, both Japanese and American observers appear to recognize that never before has there been a time when this country could apply so much pressure to get Japan to change her ways in the orient.

Germany is busy in Europe, which frees Russia to act independently or aggressively in the orient.

Japan is involved in China in a costly "incident" from which no great profit can be expected for a generation.

The United States, free of any involvement in Europe, is able to strengthen its hand in the orient.

Japan is in need of recovering some of her losses by sharing the profitable trade coming from the European war. For that she needs American raw materials.

There is active sentiment in this country for retaliatory acts against Japan.

Finally, the rehabilitation of China will require huge capital resources, which are available nowhere except in the United States.

Hitler May Try Italian's Plan for Aerial Warfare

SWIFT, terrifying air raids, striking deep in allied countries, may follow Germany's unrestricted submarine warfare, as Hitler attempts a "lightning war" thrust at the Western Front.

Military authorities concede that such raids, if effective, would materially help the Nazi offensive. But German airmen, attempting to disrupt communications, destroy supplies and factories and demoralize civilian populations will not find their attack as simple as that of a submarine.

The idea follows a plan outlined 10 years ago by an Italian, Gen. Giulio Douhet. Douhet's campaign called for wave after wave of massed bombers dropping tons of explosives on industrial and population centers "until our adversary's will and power to make war is destroyed."

The Douhet plan, however, requires absolute control of the air, which will be difficult for the Nazis to obtain against the combined air strength of Britain and France. It also fails to consider, to any great extent, the air raid precautions which have become routine in every European capital.

During the first weeks of war, false air raid warnings left London and Paris jittery. Under expert supervision of Air Raid Precautions workers, civilians were herded into shelters, and everything was made ready to fight fires and gas. The tension has eased, as war progresses, but there has been no relaxation of vigilance.

Berlin, too, may expect attack. The German capital has been training for air raids for two years and boasts an efficient and well-co-ordinated Air Protection League, which is honored by the 1937 German stamp, above.

NEW ORLEANS, Oct. 28.—(AP)—The mighty Tulane Green Wave, featuring jitterbug Bob Kellogg, turned on the power again today and deluged the University of Mississippi Rebels 18 to 6 before a home coming crowd of 35,000.

Kellogg, 165-pound halfback from Wynne, Ark., made a strong bid for All-American honors in the first and third quarters with an electrifying 106 yard sweep for a touchdown, and a 24 yard sprint around interference through the entire Ole Miss team for another.

RUN ALMOST RECORD

NEW ORLEANS, Oct. 28.—(AP)—"Jitterbug" Bob Kellogg's 106-yard runback of a University of Mississippi kickoff today for Tulane was only a few yards short of the best in the record books.

The 160-pound Tulane halfback took Willis Glading's kick behind his goal line in the third quarter and dashed through the entire Ole Miss team for the Green Wave's second touchdown in its 18-6 victory.

Edmund Jack Burke of Ole Miss ran back an Alabama kickoff for a record of 109 yards in 1931. The best in 1938 was 108 yards by J. A. Thompson of Edmond Teachers.

LALANNE THROWS TARHEELS TO WIN OVER PENN SQUAD

Tosses Three Scoring Passes As Carolina Routs Opponents, 30-6

PHILADELPHIA, Oct. 28.—(AP)—After marching 68 yards in 12 plays to match Pennsylvania's first-period touchdown, a quick-on-the-trigger North Carolina football team turned four Penn mistakes into three second-half touchdowns and a field goal to rout the Red and Blue 30-6, today before a crowd of 55,000 in Franklin field.

Leading the Tarheel victory parade were Jim (Sweet) Lalanne, 165-pound pass pitcher from Lafayette La., and Carl Suntheimer, second-string center from Hatboro, Pa. It was Lalanne who threw three scoring passes and ran 30 yards for another tally, and it was Suntheimer, a roving center who covered the field, who dropped on two Penn fumbles that led to scoring plays.

Lalanne didn't play much in the first half, just about long enough to complete three aerials, the last of which, to Paul Severin, a standout end, went for 12 yards and a touchdown.

But the Louisiana lad started the second half and stayed in long enough this time to turn an even ball game into a runaway.

He accounted for all of the 55 yards that brought the second score and gave the inheritor southerners a 13-6 lead. He pitched 24 yards into the end zone to Don Baker a few plays after to make it 20-6 and on the third play of the final period he broke over Penn's left guard diagonal the Red and Blue secondary and ran 30 yards to the goal [illegible]. With Furman Hays Dunkle tacking the extra point on each of these scores [illegible] 27-6.

Finally with Carolina pushed back to Penn's 18 on another march after [illegible] Dunkle [illegible] a field goal from a right angle [illegible] Pennsylvania [illegible] last stage [illegible] Ivy league champions.

MICHIGAN CRUSHES YALE ELEVEN, 27-7

ANN ARBOR, Mich., Oct. 28.—(AP)—With Engineer Tom Harmon at the controls, Michigan's football steam roller crushed Yale 27 to 7 here today before a crowd of 53,719 spectators.

Harmon, the Gary, Ind., thunderbolt, scored three of the four Wolverine touchdowns, added three extra points and gained a total of 203 yards in 18 tries from scrimmage (more yardage than Yale accumulated all afternoon). The Elis were playing in the middle west for the second time in their history.

Michigan counted three times in the opening half on long, sustained marches and when the gun sounded Yale trailed 21 to 0. Harmon in the third period dashed around left end on a reverse play and galloped 59 yards to the goal line.

Yale found the air the touchdown road in the last period, marching 87 yards with Henry Wood taking Fred Burr's four-yard pass just over the goal line for the score.

BRONCS TAKE UPSET WIN OVER PURDUE

SAN FRANCISCO, Oct. 28.—(AP)—The Santa Clara Broncs bucked the steam out of the Purdue Boilermakers today and won an intersectional football upset 13 to 6.

After a scoreless first period, Michael Byelene, substitute Purdue halfback, heaved a 34-yard pass from his own 37 to David Rankin, end, who stepped over the Santa Clara goal from the two. The try for point was blocked.

Santa Clara later scored on a reverse, Johnson to substitute halfback Frank Peterson. The kick for point was short, and the score was tied.

Shortly after the opening of the fourth quarter, Santa Clara blocked halfback Jack Brown's punt and took possession of the ball on the Purdue 13. Three plays later fullback Jack Roche knifed through the line for a touchdown from the two. Nicholas Stubler, left tackle, was pulled out of the line and converted, winding up the scoring.

BABY BENGALS MEET WINNSBORO 'B' TEAM

The Neville High school Junior Tigers and the Winnsboro High school "B" team will clash tomorrow afternoon at 2 o'clock on the Winnsboro gridiron, it was announced here yesterday by Coach Bill Ruple.

Winnsboro will outweigh the Baby Bengals, according to reports, but the Baby Bengals are capable of putting up a hard battle. Coach Ruple's aggregation, composed of boys from the seventh, eighth and ninth grades at Neville, beat the Ruston Junior Bearcats, 13 to 0, in their only other game of the season.

The lineups for tomorrow's game were announced as follows:

Neville: "Hot" Lasuzza and Jack Dyer, ends; Ben Marshall and Thomas Rhodes, tackles; Joe Accardo and Hugo Moss or Leroy Brown, guards; Elton Brady, center; J. M. Head, quarterback; Sam Ladart and "Red" Cascio or Doyle Reynolds, halfbacks; and Charles Accardo, fullback. Reserves: R. Wood, J. Moore, H. Cornett, S. Danna, J. Brantley.

Winnsboro: Cupit and P. Lewis, ends; Reynolds and Stroud, tackles; Cupples and L. Lewis, guards; Stephen center; Meyers, quarterback; Butler and Diamond, halfbacks; and Lord, fullback. Reserves: Polk, B. Adams, Shirley, H. Donis, A. Donis and B. Cox.

SUBSTITUTES SEE MOST OF ACTION IN 17-0 VICTORY

Regulars Get Rest As Volunteers Guard Perfect Defensive Record

KNOXVILLE, Tenn., Oct. 28.—(AP)—Tennessee placed its vaunted attack on display for one quarter today, but it was long enough to bowl over little Mercer college 17 to 0 before 6,000 spectators for the Volunteers' 18th consecutive triumph.

The Vols punched over two touchdowns with lightning-like thrusts in the first period, marched down to the 3-yard line for a field goal by Substitute Fullback Fred Newman in the second, and thereafter were content to coast under wraps to guard their perfect defensive record.

After stifling a Mercer threat in the second moment of play when Guard Alex Tannas recovered Johnny Butler's fumble on Tennessee's 20-yard stripe, the Vols marched 80 yards for their first score with Butler racing over from the 18 yard stripe. Mercer came roaring back and drove from its own 20 to Tennessee's 23 where Fullback Veo Yon's fumble was gobbled up by Butler to halt the longest offensive drive against the Vols this year.

The Vols went to work immediately and tallied in two quick runs, Fullback Joe Wallen picking up seven and Halfback Box Foxx galloping around right end and a 70-yard sideline dash for a touchdown.

A weak kick by Halfback Jack Richards that sailed out on Mercer's 39-yard line set the stage for the Vols' final score. Line plays carried to the Bear's 3 where Newman bisected the uprights for a field goal with a place-kick.

Some beautiful kicking by Richards and Halfback Art Pledger kept the Bears out of danger repeatedly, but outside their second quarter drive they were never able to muster a sustained offensive.

The Vols with first strangers playing less than a quarter, piled up 12 first downs to the Bear's 4, and rushed the ball a net yardage of 312 to 58.

NEVILLE TO TAKE TWO-WEEK LAYOFF

Tigers Play Next Game With Vicksburg In Monroe November 17

The Tigers of Neville High school, who fell by the wayside in the Class A title race here Thursday night when they lost to the Ruston Bearcats, 12 to 0, will rest through the next two weeks and then tackle the strong Carr Central Greenies of Vicksburg, Miss., here November 17.

After the Vicksburg invasion, the Bengals will meet Rayville's Hornets here on November 23 in their season finale.

Neville has played Carr Central four times in the past six years and the score of Tiger-Greenie rivalry is even, each team having won two games. The Bengals won in 1933 and 1934 by scores of 12-to-7, and 13-to-6 respectively. In 1935 Vicksburg was victorious, 20 to 0. No games were played between the two elevens in 1936 and 1937, but they met again last fall with Carr Central winning again, 12 to 7.

Rayville, an old rival of Monroe elevens, failed to meet a Monroe team last year for the first time in many seasons. The once powerful Hornets have not proven so very hard to conquer by the locals in recent years, but the Richland parish eleven at one time was a feared foe of Monroe aggregations and is seeking to rise again to its former prominence.

The defeat of the Tigers here Thursday will probably be long remembered by the Bengal participants in the game. They outplayed Ruston in every department of the game but overdid their fumbling and thus missed a splendid opportunity to score and go on to the Class A title playoffs with Minden or Homer as probable foes. While Neville was being blasted out of the title picture by Ruston, the Bossier City championship aspirations were shattered by the defending state champions of Minden, 21 to 0.

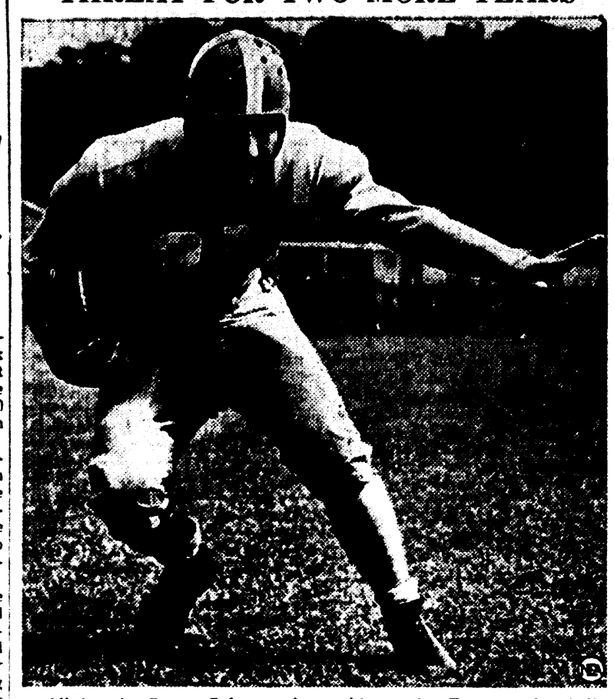
THREAT FOR TWO MORE YEARS



All-America George Cafego graduates this year but Tennessee fans believe the Vols will have an able replacement in Johnny Butler, sophomore quarterback, above, whose sparkling 56-year dash for touchdown was the game-breaking play in the Vols' victory over Alabama.

Lions Take On New Foe In Jonesboro-Hodge Bengals

Ouachita Still Has Chance To Win Class AA Conference Title

The Lions of Ouachita Parish High school will meet the Jonesboro-Hodge Tigers next Friday night at Jonesboro in the first gridiron battle ever scheduled between the Lion and Tiger forces. Jonesboro-Hodge has a stellar Class A aggregation that is expected to give Coach "Lefty" Haynes' forces another of those tough battles they have been experiencing all season.

After the Jonesboro-Hodge fracas, the Lions will return home for an engagement with the powerful Fair Park Indians of Shreveport on November 10 in a Class AA conference battle. The locals wind up the season against Byrd and Bolton, the Byrd game taking place in Shreveport on November 17 and the Bolton game to be played here November 24.

The fact that Ouachita lost this past week to Haynesville's Golden Tornado, 13 to 0, has dampened the Lions' aspirations for a place in the Class AA title playoffs but has not entirely abolished all hope. If the Lions can win all their remaining conference games they will have plenty of right to a place in the playoffs.

There are only four teams in the north Louisiana double A conference, Ouachita, Byrd, Fair Park and Haynesville. The Tornado lost to Fair Park but defeated Ouachita. If the Lions can subdue the Tribesmen from Fair Park and get past Byrd also that defeat at the hands of Haynesville will mean just as much as the Lion victory over the Tornado did during the regular schedule last year.

Every team in the conference was

CLEMSON SINKS NAVY TEAM, 15-7

Southerners Turn On Heat To Make Up For Absence Of Star Back

ANNAPOLIS, Md., Oct. 28.—(AP)—A rugged and alert Clemson football team, turning on just a little more heat to make up for the absence of Banks McFadden, its stellar ball carrier, rolled back the Navy eleven here today, 15 to 7.

Approximately 18,000 spectators, ruffled by a gusty wind which made toys of punts, saw the southerners score a touchdown and a safety in the first period, increase their margin to 15 points with another touchdown in the fourth quarter, falter slightly thereafter to permit the Middies to score, and then dig in again to repel any further threats.

Except for its touchdown march, good for 69 yards, Navy was helpless before the rapid-charging Clemson line. Occasionally the Middies would link together a couple of first downs, only to find that they were stymied before they could get close to the goal.

FLORIDA BACKS SPOIL MARYLAND HOMECOMING

COLLEGE PARK, Md., Oct. 28.—(AP)—A couple of southerners who ran as though they were going back to Gainesville afoot spoiled Maryland university's homecoming day football game today and gave Florida a 14-0 victory over the Terrapins before 10,000 fans.

Sparked by Bud Walton, Nashville, Tenn., junior, and little Hubie Houston, a 144-pound sophomore, the Gators literally ran Maryland's defense into the ground, capitalizing on two breaks for one touchdown late in the first quarter and another in the fourth.

IRISH EKE OUT WIN OVER TECH ON CONVERSION

Extra Point Again Is Margin Of Victory As Tartans Lose, 7-6

PITTSBURGH, Oct. 28.—(AP)—Again that extra point looked big as a billion as Notre Dame scored its fifth straight victory of the year today, beating Carnegie Tech, 7-6, before a thrilled crowd of 68,000 in Pitt stadium today.

This time it was Lou Zontini, fleet Irish halfback, who carefully lined up his sights and place kicked that vital seventh point after the Irish had scored their touchdown on a recovered fumble in the third period.

And in the waning moments of the tightly-fought contest after Carnegie had made a brilliant march of 80 yards to its touchtown, it was John McIntyre, tall center of the South Bend opportunists, who smashed through and blocked George Muha's attempt at the tying point.

The South Benders kept pushing the Tartans back and back toward their goal posts in the third, and what finally happened was inevitable. About mid-way of the third quarters, Condit tried a sweeping end run deep in Carnegie territory, and when he was struck by about three Irish tacklers at once the sphere bounced high in the air.

Bill Kerr, Notre Dame left end and outstanding all-America candidate, grabbed the flying ball like an outfielder and raced 19 yards into the end zone without a hand brushing him. Zontini's placement, with Steve Sitko holding, couldn't have split the posts more perfectly.

Then the Skibos started something. Condit and Muha, a pair of great running backs, fairly took the Irish defense to pieces. Condit first darted off tackle 45 yards. Then he and Muha slugged out two more first downs to Notre Dame's 18.

Here Condit tried his first pass of the long drive. It went wild and was partially block by an Irish lineman, but it finally came down in the arms of Fullback Gerald White, who plowed on to the six yard stripe before he was downed. On the third try, Condit dove across from the one yard line.

ENGINEERS WIN ON EXTRA POINT

Placement Enables Georgia Tech To Defeat Auburn Eleven, 7-6

ATLANTA, Oct. 28.—(AP)—A prayer and a placekick gave Georgia Tech's Engineers a 7 to 6 victory today over Auburn's Plainsmen in a Southeastern conference football vintage before some [illegible] spectators.

Carl Happer and he ran for the score. McGowen's attempt for the extra point was low and wide.

Coming back after the second half with a line that began charging, Tech began its touchdown drive for victory at its own 35.

Little Johnny Bosch sprinted 10 at end and a 15 yard roughing penalty advanced the ball to Auburn's 34. Billy Gibson, Howard Ector and Bosch alternated to get a first down on the Plainsmen 8. On a reverse, Bosch handed the ball to Gibson, who ran to the Auburn 2.

On the first play of the final period, Ector plunged high over the line for the 6-pointer. Goree had gone into the fray at the intermission and with Bosch kneeling with the ball booted it across the bar.

The Long Beach fliers took their light monoplane equipped plane into the air from the marine stadium here September 29.

They have surpassed three endurance records during their hours in the air. The first, that for seaplanes, was exceeded when they had been aloft 30 hours. They passed the light plane record of 343 hours, 46 minutes, October 13. It was set last August by Hunter and Humphrey Moody at Springfield, Ill.

The unlimited class endurance record was established July 1, 1935, by Fred and Al Key at Meridian, Miss.

KNOLLA STARS IN DEFEAT OF LOYOLA

OMAHA, Neb., Oct. 28.—(AP)—Johnny Knolla, flashy Creighton university halfback, starred today as he helped manufacture 14 points in the first quarter of the football game with Loyola of Louisiana to bring his team a 21 to 13 homecoming victory before 8,000 fans.

Loyola scored in the first quarter when Kreel, right half, intercepted a pass on the Creighton 47 and scampered to a touchdown. Creighton came back in the second with a touchdown set up when Pease, Creighton left end, took a long pass from Knolla to the Loyola 11. Truscott plunged over after the ball was advanced by short passes to the one yard line.

The visitors drew blood in the third quarter when Freel, right half, slipped away from two Creighton defenders into the end zone to grab a pass from Dykes, left half.

But in the last period Knolla boomed across with the marker that tied the score at 13 all, and Krejci came in to boot the extra point. Knolla took a backward pass from Fleming, and marched 47 yards behind perfect interference for Creighton's final touchdown.

CALIFORNIA KNOCKS OVER OREGON, 16-6

LOS ANGELES, Oct. 28.—(AP)—University of California at Los Angeles in two spectacular plays knocked Oregon out of the Pacific Coast conference undefeated rank today, bowling the stubborn Webfoots over, 16 to 6, before 40,000 grid fans in Memorial coliseum.

A tremendous forward pass by Kenny Washington to his dusky halfback companion, Jackie Robinson, good for 66 yards, brought one touchdown, and Robinson broke the Oregon spirit in the third period with an 82-yard sprint for the second Bruin tally.

A first period field goal by Jack Sommers, towering Bruin guard, from the 30-yard line started the Ulcans off to the triumph.

The Webfoots put over their lone touchdown on a sustained 63-yard drive, Lefty Bob Smith punching the ball across on the final lunge.

ALABAMA DEFEATS MAROONS, 7 TO 0

Crimson Tide's Power Proves Too Much For State In Hard Battle

Pacific Newton and Paul Spencer [illegible] for Jack Alabama drove to the state 32 the first time it gained the ball and Boswell, a 20 yard return of Johnson's punt, set the stage for the game's only score a few minutes later.

State made its only first half threat midway of the second quarter, after Jefferson's 84 yard quick kick backed the Tide up almost to its goal line, and Boswell's kick carried only to his 36.

Jefferson passed to Nix for 9, and Nix skirted his left end for a first down on the Alabama 15, but that was as far as the Maroons could get.

Coach Frank Thomas and the Alabama players were cheered just before the game by a "salute from 3,000 students and citizens of Tuscaloosa," who expressed their confidence in the Tide in a 51-yard telegram.

Buddy Elrod, the State left end, and Captain Shag Goolsby, their fine center, were standouts for the losers, Elrod in particular being a thorn in Alabama's side all afternoon with his teeth-rattling tackles.

Nelson and Boswell, the 'Bama halfbacks, did most of the work for the winners. Nelson ripped off 62 yards in his 17 tries and Boswell picked up 50 in 14.

Johnson netted 38 in his five attempts for the losers.

CORNELL COMES FROM BEHIND TO MARK 23-14 WIN

Big Red Gives Great Display Of Slippery Running And Passing

COLUMBUS, O., Oct. 28.—(AP)—Courageous Cornell spotted Ohio State a pair of touchdowns today, and then roared from behind to win, 23 to 14, before 49,583 half-frozen fans.

The Ivy league champions rolled up more points than any team has been able to score against Ohio since Francis A. Schmidt became coach here six years ago. The stunning setback was Ohio's first of the year.

Ohio started strong marching 87 yards to a touchdown in the opening period. Jimmy Straubaugh, Buck halfback, plunged two yards for the score after a mighty power drive.

The second period was just getting under way when the Bucks grabbed another marker, following an air and ground attack that gained 73 yards. Quarterback Don Scott scooted seven yards for the score, after fumbling the pass from center and appearing trapped far behind the line.

Landsberg, Cornell fullback, carried the kickoff back to his 22-yard line, and on the first play substitute Halfback Walter Schmidt zipped over his right tackle for 78 yards and a touchdown. Perfect blocking paved Schmidt's way, but he did plenty of high-stepping.

Two minutes after the kickoff, Ohio School passed to substitute Halfback Jack Behrman for the second Cornell touchdown. The pass went for 64 yards, Behrman sneaking behind the Ohio secondary on the 36-yards. Unmolested, Tackle Nick Drahos place-kicked the extra point.

Halfback Harold McCullough set up and then scored Cornell's third and deciding marker. He punt early in the third sent Ohio on Ohio's two-yard line, setting the Bucks in a hole. On the next play McCullough passed to End Al Kelley for a first down on the 21. Cornell drove through the line the rest of the way, with McCullough scoring from the three-yard line.

In the middle of the final period with Cornell smashing Ohio aerial attack with interceptions, Drahos booted a perfect placek from the 12-yard [illegible] making the victory.

OUACHITA TAKES ON NEW OPPONENT

beaten at least once last year, and the Lions are in the position to remuddle things again this season.

Fair Park's Indians lead the league at the present with one conference victory. Haynesville has one win and one defeat. Ouachita has one defeat and Byrd has yet to meet a conference foe.

Byrd's dignity was rapped a week ago by the Homer Pels, a Class A outfit, but Fair Park stepped in Thursday to knock the props from under Homer, 6 to 0. Although the games with Homer do not affect double A conference records, the results place Fair Park as the No. 1 team in the north Louisiana district despite the fact that Byrd showed some semblance of its old form by walloping the Class AA Lafayette Lions of the southern district, 20 to 7, Thursday.

Ouachita played a stellar game against Haynesville and would have fared better but for fumbles and bad breaks. Once the Lions fumbled and lost the ball on the Tornado one-yard stripe. The locals made nine first downs to seven for Haynesville.

The battle left two Ouachita regulars crippled for the Jonesboro-Hodge battle. B. J. Eason, big center, is nursing a shoulder injury while Henry Smith runs in his place. Bruce Gregg, halfback, is out with an ankle injury, leaving Cotton Hall and Vespa Guess to battle for his position. Herbert Pace is taking over the duties of James Heath, fullback, who became ill before the Haynesville invasion and who has not yet recovered. J. D. Moses, tackle, may be out another week as the result of a minor collar bone fracture.

The third period was hardly started when Harry (Hippo) Hopp intercepted a Kansas State pass and carried 35 yards. Luther swung outside his own left end for 24 yards on the reverse, fighting his way to the 13. Hopp [illegible] scored.

Two minutes later Eddie Schwartzkopf recovered one of Kent Dove's fumbles on the 24 yard and Luther swept to a touchdown.

Dove's second fumble also started the Huskers off for a touchdown, but this time the Huskers used the airlines to count.

With Nebraska using third stringers Kansas State counters with a frantic aerial offense in the final minute.

NAVAL AIR CORPS NEXT CONTEST ON CENTER SCHEDULE

Flyers Are One Of Four More Tough Foes Locals Have To Face

The Northeast Center of L. S. U. Indians take the week off as far as competition is concerned this week, having an open date, but Coach James L. Malone will keep the Tribesmen busy in daily workouts as usual.

Next on the schedule for the Tribe is the strong United States Naval Air corps eleven of Pensacola, Fla., and the Flyers are preparing for a big day when the Indians invade the Florida city on November 11. The game is to be played as the feature of the Armistice day program there, and, according to reports, ticket sales are already under way at Pensacola for the battle.

In addition to the game, army and navy planes will go through maneuvers, and the Tribesmen will be welcomed as one of the most powerful junior college aggregations in the country, having upset the more favored air corps forces, 13 to 0, here last year in the first game ever played between the two institutions.

The Flyers will be one of four more tough opponents the Tribesmen have yet to face before ending the season.

The Southeastern Louisiana aggregation of Hammond, traditional foe of the Redmen, will play hosts to Center's invading forces on November 17. The locals haven't beaten Southeastern since 1935 when they scored a 16-to-6 triumph. Southeastern won in 1936, 22 to 0, and in the past two years their battles have ended in scoreless ties.

Arkansas Tech appears on the Indian schedule for the first time this year, and the Tribesmen will engage the Techmen at Russellville, Ark., on November 23. Incidentally, Arkansas Tech was listed by the Associated Press the past week as the third best defensive football team in the southwestern section of the country. Only Texas A. and M. and Tempe (Ariz.) Teachers were rated ahead of Arkansas Tech for defensive work last week. The Arkansans in five games have scored 104 points against their opponents 15. By comparison, Northeast Center has scored 87 points in seven games against 24 points for the opposition.

The East Mississippi Junior college, of Decatur, Miss., will be here November 30 for the next and last home game of the season for Center. The Tribesmen are also facing the Mississippians for the first time and statistics already rate the local and Mississippi teams as being of about even strength. East Mississippi beat Copiah-Lincoln, 24 to 0, and the Tribesmen beat the Wolves, 22 to 0, here Friday night. The two beatings are the only ones taken by Copiah-Lincoln this year. East Mississippi Junior college is sometimes referred to as the University of Alabama "farm."

The rest this week will be a much needed one for the Tribesmen who have been through seven consecutive week-ends of hard battles. In those seven games, one of which was a tie, the locals never won by more than three touchdowns and their two defeats were by the margin of one touchdown.

Center opened the season battling Centenary's Frosh to a scoreless tie and then polishing off Murray, Okla., State, 18 to 0, and Tulane's Frosh, 14 to 0. But in their fourth game the L. S. U. Frosh came from behind in the last three minutes to win, 12 to 7, and hand the locals their initial beating of the season. The following week the Ouachita college Tigers scored two touchdowns on timely passes to trim the Tribe, 12 to 6. In their last two starts the Malonemen have walloped Henderson State Teachers, 20 to 0, and Copiah-Lincoln, 22 to 0.

KELLOGG SCORES ON LONG JAUNT

(Continued from Fifth Page)

Rebels, who lacked the final spurt to catch him, although Kellogg is a notably slow runner.

The first touchdown came after an exchange of punts when Banker, who carried the ball 24 times for a net gain of 113 yards, crashed through from midfield for 7 yards and got 17 on the next, which was lost by a penalty.

On the next however, he got through for 14 before Hovious, magnificent in defeat, finally nailed him. Gloden made a yard and a down to offset the penalty, and Kellogg whipped an incomplete pass over the goal line to Nyhan.

Eluding the field and without interference, Kellogg snaked his way through for the touchdown, his hips weaving as he hipped and straight armed the defense to count.

The excited homecoming crowd will long remember the spectacular long field run that brought the spectators to their feet with a long roar as the third period opened after a dreary second quarter when Ole Miss barely missed scoring on passes when Rip Collins broke up Leslie Dodson's pass over the goal line.

Again at the end of that period, the Rebels passes began connecting, again bringing the ball to Tulane's 21 where Henry Flower intercepted another Dodson pass to end that.

Then the third period opened. Gladding kicked off 50 yards to Nyhan on Tulane's 23, and Millard White was hurt, but stayed in.

Being offsides, Ole Miss kicked off again from its 35, Gladding's great kick being snagged from mid air by Kellogg, who was running the wrong way at the time. Reversing direction quickly, he swept up to the 20-yard line where his interference had gathered in rendezvous.

It was a trick play Tulane has many times practiced, but barely ever used. Today it clicked. Offensive men were knocked out as Kellogg advanced but defensive players went with them until midfield was reached when Kellogg was out in front, needing only the necessary stamina to complete the run.

He barely made it, running slowly and heavily at the finish, but fast enough to keep in the clear.

At the end of the period Ole Miss threatened again on passes. Needing but a foot on their fourth down on their 29 yard line, Banker tried an end run but was tossed for a loss and Mississippi took the ball on what appeared poor generalship for Tulane.

Hovious couldn't find any one opening, and despite being surrounded swept through for 10, to the 16. Hovious' pass over the goal line to Smith was incomplete as was another to Murphy. Tulane took a five yard penalty, and on the fourth down Billy Sam, who used to go to school with Hovious, fumbled on a reverse and Wenzel recovered.

Hovious was the outstanding star for Mississippi, giving great all-American promise in the Rebels' second invasion of Louisiana. Mississippi beat Louisiana State university at Baton Rouge a month ago 14 to 7.

On statistics Ole Miss led with 203 yards gained running and passing to 155 for Tulane and 13 first downs to 9 for the Wave, largely due to the Rebel passing attack which was clicking in the final period.

IT'S THE BLOCKING THAT DOES THE TRICK

When the star back romps down the field for a long gain it's the boys out in front, the blockers, who clear the way. The coaches and the fans who watch what goes on in front of the ball agree that the team which wins is the team which affords protection for its ball-handlers. A good example of this is the scene above from the Louisiana State-Holy Cross game, which the Louisiana team won, 26-7. Six Tigers are leading Leo Bird of L. S. U. to a 5-yard gain through the Crusaders.

STAR END SCORES TWO TOUCHDOWNS

(Continued from Sixth Page)

and left-footed Junius Plunkett directed an 85-yard drive that saw redheaded Roy Huggins smash through from the one-foot line for a touchdown. A pass, Plunkett to Hardy Housman was good for 39 yards and highlighted the drive.

Minutes later the Commodores surged forward again starting on the 15 and ripping off 14 plays for 81 yards. The timer's gun found them on the Tiger 4-yard stripe.

Vandy threatened again at the end of the third period, moving down to the 21 for a first down before Coach Bernie Moore sent in a fresh team that quelled the uprising.

From then on the Tigers held the edge, turning on a running game, featuring Ashford Simes and T. J. Price, that carried to the 4. There Simes was found guilty of unnecessary roughness and L. S. U. was penalized to their own 48. Bouncing back immediately, the Tigers were in the danger zone when the game ended.

L. S. U. garnered 14 first downs, one more than Vandy, and gained 216 yards by running and 162 by passing while the Commodores netted only 74 on the ground and 186 in the air.

L. T. I. PELS BEATEN BY OLLA-STANDARD

OLLA, La., Oct. 28.—(Special)—Although still smarting from the 6-to-0 defeat handed them by the Gilbert Aggies a week ago, the Olla-Standard Tigers returned to form here yesterday to soundly trounce the Louisiana Training institute Pelicans of Monroe, 54 to 0.

The Bengals scored in every period of the game, pushing over three touchdowns in the first quarter, two in the second, one in the third and two in the fourth.

Dub Bryant scored Olla-Standard's first touchdown in the first four minutes of play. Lawrence Elliott scored again on a 20-yard end run, and the third touchdown of the initial quarter was scored on an end-run play with Ratcliff, Bengal left end, carrying the ball.

The score was at a 33-to-0 slant at the half after a pass, Bryant to Steen, and an 80-yard run by Love after a pass interception added two more touchdowns in the second period.

The entire Olla-Standard second team played the second half and the Bengal reserves scored three times, "Big Jim" Hopkins, a tackle playing in the backfield, scoring one of them.

Olla-Standard meets Columbia next week-end at Clarks. The defeat by Gilbert is the locals' only loss thus far this year.

NORTHWESTERN ELEVEN BOWLS OVER ILLINOIS

EVANSTON, Ill., Oct. 28.—(AP)—Northwestern's Wildcats bowled over Illinois, 13 to 0, today before a homecoming crowd of 35,000.

After a drab, scoreless first half, mighty Paul Soper, Northwestern's 170 pound left halfback, crashed through left guard and galloped 74 yards for a touchdown. Don Clawson plunged one yard for the second touchdown.

SCORE SHOULD HAVE BEEN KELLOGG 12, OLE MISS REBELS 0

NEW ORLEANS, Oct. 28.—(AP)—Coach Lowell Dawson of Tulane said, "I think we beat a good ball club," and Harry Mehre, University of Mississippi mentor, said "the final score should have been Kellogg 12, Ole Miss 0," after Tulane beat the Rebels today.

Dawson commented, "I think we beat a good ball club. Still, I believe we have looked better at times this season than we have today. Our players made some mistakes on defense, but I believe those first games took a lot out of the team."

Mehre told newspapermen, "Tulane has a great team and will probably be better after a week's rest. Tulane has an off day next Saturday before playing Alabama).

"Tulane has had to be up for too many hard games, and with the rest in between the Greenies should be ready for a great game with Alabama. Kellogg looked like a great team against us. As for my team, we just haven't the power to make any long drives. Our backfield averages only 165 pounds.

"We have to take advantage of the breaks to score. Today we failed to take advantage of a few chances we had. One of those came in the second quarter when we were only six points behind. After Smith caught the pass from Dodson, we had so many men blocking for him I thought he would get away until Dailey caught him from behind. I thought my team played as good ball today as they have been doing but Tulane was simply too powerful for them. The final score should have been Kellogg 12, Ole Miss 0."

Japanese bombs have again moved, but not silenced, China's big national broadcasting station. On September 3 the Chungking station was badly damaged during an air raid. Two days later the normal budget of official news bulletins and educational programs were being broadcast from Kunming, 400 miles south of the wartime capital.

We trade up or down. We trade for anything in town.

The other day a fellow came by with a purty good old hack but it wuz all run down and givin lots of trouble. In fact the fellow told me it tuck out an wudn't run so often in the mornins that he was about to lose his job fer bein late to work, he wuz all upset an didn't know what to do. We tuck his old car and gave him a good one, an he tells us that the small notes on it are less each month than he wuz paying out for repair bills on the old wreck he had. He is happy now—So is the wreck—We sold it to the junk man.

Another fellow came by to see us and he wuz drivin a real nice car, in fact it wuz almost new. He liked it a lot and hated to part with it but had lost the good job he had when he bought the car. Also illness in his family and other things made it necessary for him to raise cash quickly. The fellow thought he would have to sell the car outright and walk to get cash money, of course we would have gladly paid him cash, money every penny his car wuz worth but when we told him we could give him a car of more mature age and the cash he needed too, he went away with plenty cash in his pocket and ridin high in a good used car.

We like to help folks—If and when a deal like either of these made will help you, come to see us.

Miss Melba Edwards Becomes Bride Of Lloyd Beuford Barham At Mer Rou

Baptist Church Is Scene Of Ceremony

ev. Bennett Performs Impressive Rites In Presence Of Large Group Of Friends

Of paramount social interest to a wide circle of friends this section of the state was the marriage of Miss Melba dwards, youngest daughter of Mr. and Mrs. James Henry dwards of Mer Rouge, and Mr. Lloyd Beuford Barham, son Mr. and Mrs. Henry Alfred Barham of Bastrop, at the ptist church of Mer Rouge, October 22, with Rev. Horace . Bennett performing the impressive double-ring ceremony the presence of a large concourse of friends and relatives.

Sinuous lengths of southern smilax stooned the windows and formed a olid curtain of green in the background where tall pink tapers in wrought-iron seven-branched candelabra, pricked the dimness.

The bride and her attendants walked down the canvas-covered aisle where loops of white satin ribbons were caught to sprays of pink gladioli attached to the pews.

While the guests were being seated pre-nuptial concert was rendered by Mr. Don Breitenmoser of Monroe, ist. He also accompanied Mr. James olfe of Oak Ridge who sang in splendid voice "O Promise Me" and Because." The bridal chorus from ohengrin was used as the processional and Mendelssohn's Wedding March s the recessional.

The bride was attended by her sisters, Mrs. Alton Simms of Shreveport, nd Mrs. Jack Yeomans, who served as matrons. Both wore floor length models of casino blue satin and carried colonial bouquets of pink chrysanthemums. Matching hats with ostrich plumes of pink completed the costumes.

The bridesmaids, Misses Lois Gibson, Miss Rita Cormier of Shreveport, Mrs. C. B. Flynn of Monroe, and Mrs. Hassal Clark, were exact replicas of the matrons, costumes of marsh rose and carried bouquets of blue tinted chrysanthemums.

Mr. Alfred Barham served his brother as best man. The ushers were Messrs. Thomas Smith, John Madison Smith and Warren Simmons of Bastrop, and Alton Simms of Shreveport.

The bride was given in marriage by her father. Her wedding gown of white satin was an Empire model with princess lines with a flattering train of real lace. The neckline dipped to the back in a deep V and was edged with a graceful ruche. Her finger tip veil extended the length of the gown and was caught to the hair with orange blossoms of pearls. She carried an exquisite shower bouquet of white orchids and stephanotis showered with satin ribbon.

A reception was held immediately after the ceremony at the home of the bride's parents.

CONTEST GOING STRONG

The pedometer contest sponsored by The Palace to demonstrate the durability as well as the sheerness of Se-Ling hose was still going strong yesterday, a week from the day it started. The contestants, 12 in number and representative of women in all activities, were still sporting the stockings they started with and none had sprung a run or had otherwise worn out.

When a run occurs or her hosiery otherwise wears out, a contestant is eliminated. This procedure will continue until the last contestant is eliminated. The women are wearing their Se-Lings daily during the contest.

Comments offered yesterday by several of the contestants:

Newspaper reporter—"I give hosiery a lot of hard wear and so far the Se-Ling stockings have given me service far beyond my expectations."

Nurse—"The duties of a nurse require hours of steady walking and climbing of stairs. The Se-Lings are proving to be sturdy as well as sheer."

Salesgirl—"I'm on my feet constantly and am very, very hard on hose. The Se-Lings have already far exceeded anything anyone could expect."

The unique contest has attracted attention throughout Ouachita parish, not only among women, but men as well. The latter are attracted by the durability angle.

Data on the distances walked by the contestants is available from day to day in The Palace display window devoted to Se-Ling hose. The center attraction in this window is a giant replica of a pedometer.

Annual snowfalls of 100 feet are common in Paradise valley, Mount Rainier National park.

ASSEMBLY OF GOD
West Monroe
E. L. Tanner, Pastor

We have enjoyed three weeks of refreshing showers from the presence of the Lord under the able ministry of Rev. L. S. Evans. The church has been carried to a greater depth in spiritually and consecration through the Bible lessons given each morning at 10 o'clock and the evangelistic messages at the evening service. There is a great demand from many that the meeting continue another week. This will be decided and announced at the services today.

CHRISTIAN SCIENCE SERVICES
Auburn Avenue And North Second

"Everlasting Punishment" is the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday, October 29, 1939.

The golden text is: "Cast away from you all your transgressions, whereby ye have transgressed, and make you a new heart and a new spirit: for why will ye die, O house of Israel?" (Ezekiel 18).

Among the citations which comprise the lesson-sermon is the following from the Bible: "The way of life is above to the wise, that he may depart from hell beneath." (Prov. 15).

The lesson-sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Truth bestows no pardon upon error, but wipes it out in the most effectual manner." (p. 11).

GRACE CHURCH

Services for All Saints' Day, Wednesday, November 1st are as follows: The Holy Eucharist 7 a.m., and 9 a.m., Evensong and Vespers of the Dead at 7:30 p.m. All Souls' Day, Requiem Eucharist at 9 a.m. Meditation. Subject: "The purpose of Christ." Why did Christ come into the world? He Himself has told us: "The Son of man is come to seek and to save that which was lost." He has expressed this vividly in three parables of the "lost." in St. Luke's Gospel, 15th Chapter. He did not say that He came to seek that which was damned nor that which was ruined, but that which was lost. When He had found it He purposed to make it safe, that is, to give it security and the sense of being secure. That which was lost includes this whole world, and all the individuals in it. The whole world had gone astray and Christ came to bring it back to the Father. Christ's purpose is not yet fulfilled. He is still pursuing it. He is still leading the world back to God. His aim is not merely to make us happy for the time, but to unite us to God that we might have joy and peace for ever.

The church is open daily from 7:30 a.m. until 5:30 p.m. Come in rest, pray, give thanks, meditate. You are welcome.

THE FIRST PRESBYTERIAN CHURCH
Grammont At Catalpa
Ernest Holloway, Pastor

The church is entitled to the worthy and sincere support of its members. It is the body of Jesus, the Christ, and the means through which He effects His plans for the world. Hence, when the churchmen are derelict in their duty, when the Believers are indifferent, He is unable to carry out His will for the world. "Be thou faithful unto death and I will give thee a crown of life." Our Father God trusts His own. Shall we, who have named His blessed Name, fail Him?

October 29-November 5 is the week of prayer and self-denial in the interest of home missions. "Home Missions Pay" is the subject of our morning message. Will you hear us that we may point out the results accomplished in the home areas of our own faith by the workers?

Dealing with primals of religion, we shall think at the evening hour about the nature of God. "What is God Like" is the theme of the sermon.

A most earnest invitation is extended you to attend the Bible class, which has been organized for you. The attendance is good, and yet with your presence it would be increased. "Thy word have I hid in mine heart that I might not sin against Thee."

A cordial greeting awaits you!

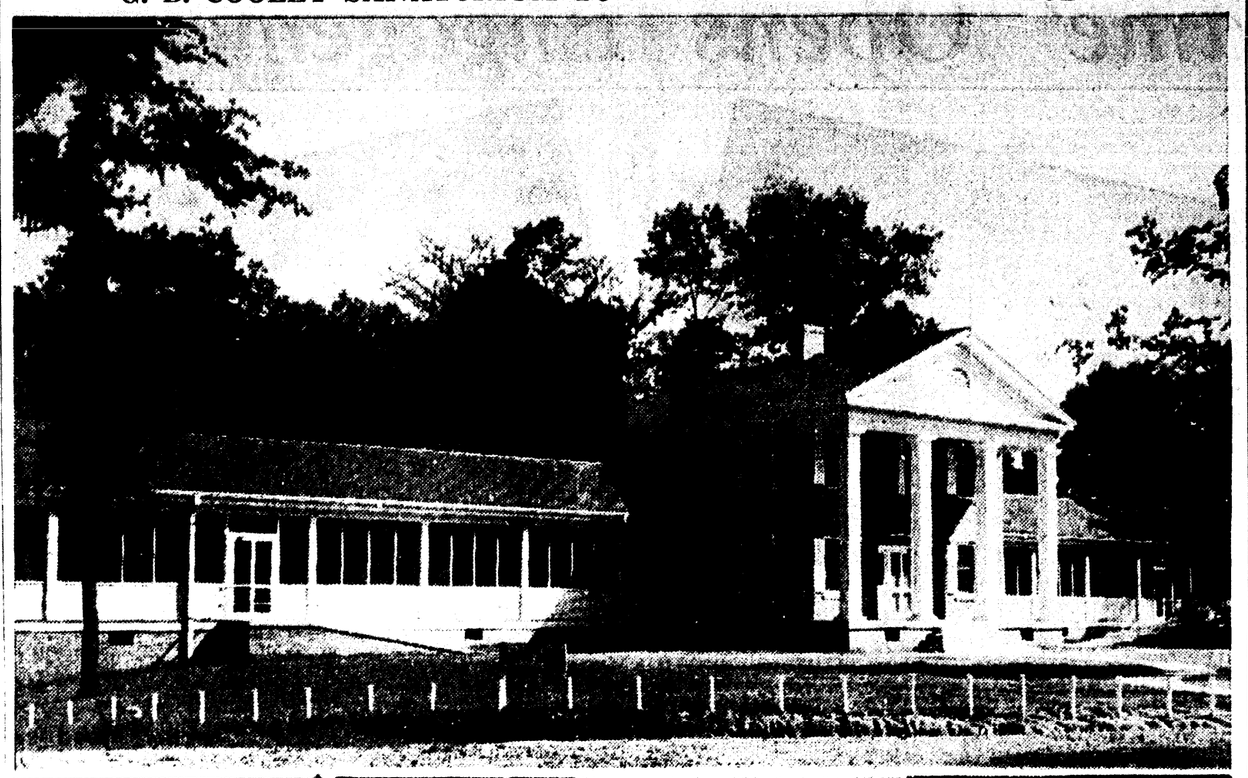
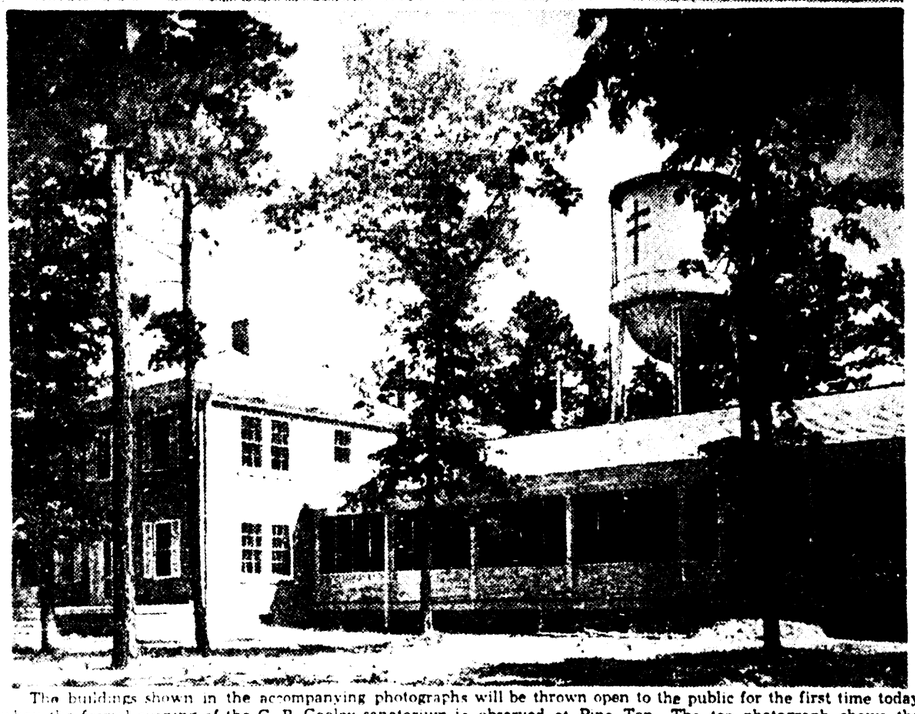
G. B. COOLEY SANATORIUM TO BE FORMALLY OPENED TODAY





The buildings shown in the accompanying photographs will be thrown open to the public for the first time today when the formal opening of the G. B. Cooley sanatorium is observed at Pine Top. The top photograph shows the administration building and a part of the two wings of the white section. The lower picture shows the office and the wings of the building for colored patients. There are beds for 22 white patients and 27 negro patients in the two buildings. The sanatorium, built by WPA, will be operated by the Ouachita Parish Tuberculosis association, whose board of governors will be present today to greet the visitors.

G. B. Cooley Sanatorium In Formal Opening Today

The G. B. Cooley Tuberculosis sanatorium, an institution constructed by WPA and local interests at a cost of approximately $130,000, will be formally opened today.

Citizens of Ouachita parish, who, officials of the tuberculosis association pointed out, really "own" the sanatorium, are urged to visit the institution at Pine Top between the hours of 2 and 5 o'clock this afternoon. Negro visitors are invited to visit the sanatorium between 5:30 and 8 o'clock.

There will be no set program for the opening celebration today—no speeches and no formal program, according to an announcement by Captain G. B. Cooley, president of the Ouachita Parish Tuberculosis and Public Health association. Captain Cooley said local citizens are merely urged to visit the sanatorium and inspect the plant which will receive its first patients tomorrow. Refreshments consisting of tea and coffee and cakes will be served.

The board of governors and their wives of the Ouachita Tuberculosis association will be there to greet the visitors, as well as all officers of the Ouachita Parish Tuberculosis and Public Health association. Dr. Russell H. Frost, medical director and superintendent, and Miss Bernice Wright, executive secretary, also will participate in the program.

Special guests of the occasion will be parish, city and PWA officials as well as officers of the Ouachita Parish Medical society.

The sanatorium is located at Pine Top, some six miles from Monroe. Visitors are advised to go out Highway 80 to the Knowles Service station and then turn to the right and proceed directly to the sanatorium.

"We cordially invite every citizen of the parish to come out and see the sanatorium," Captain Cooley said. "This institution, which we hope will, in a large measure, contribute to the rehabilitation of many of our neighbors who are suffering today, really belongs to all the people. It's their institution and members of the association are anxious for them to see and inspect it."

The buildings will be completely equipped and an opportunity will be afforded the public to go through the institution before it receives its first patients on Monday. There are beds for 22 white patients in one building and beds for 27 negro patients in the other.

Clubs and organizations which have contributed to the furnishing of the sanatorium will all be represented today, it was announced.

Members of the board, besides Captain Cooley, are Grayson Guthrie, vice-president; R. M. Breard, secretary-treasurer, and Miss Eleanor N. Faulk, J. E. Marx, Dr. A. G. McHenry and M. C. Redmond.

CONCORDIA LIBRARY ENDS 11TH YEAR OF SERVICE

FERRIDAY, La., Oct. 28.—(Special)—Quietly but with pride, the Concordia parish library's modest tax supported library in Louisiana ends its 11th consecutive year of service.

In August when the reading level of the parish is at low ebb, 3,500 people read almost 5,000 books, says James H. McGehee, parish librarian. The American Library association says that a library the size of the Concordia parish library is doing good work if it circulates 10 books per year to each person in the area it attempts to serve. Last year the average number of books read by each white person in the parish was almost 19, nearly twice the national standard. The library is run economically as well as efficiently, the unit cost of circulation in the parish being only nine cents, while the American Library association considers 24 cents not too high for such libraries.

The people of the parish are given library service by means of a central administrative headquarters located in Ferriday with 10 branches over the parish. The history of the parish library is a heroic story of a group of people determined to have good books despite many obstacles. Despite flood waters covering great portions of the parish the library carried on and is still carrying on its good work.

E. O. HOOTER IS SEEKING OFFICE

Ward 4 Farmer Promises Efficienoy If Named To Police Jury

E. O. Hooter, who resides in Ward 4 and who recently qualified as candidate for the Ouachita parish police jury, is soliciting the support of voters of his ward and presents the following reasons why he should receive support:

"If elected, I promise that it will be on a clean, straight-forward ticket, with obligations to no one, and I promise to do my utmost to serve the people in a straight, upright way, supporting all matters that in my judgment will be beneficial to the people as a whole of my ward and of the entire parish. I am opposed to stock laws in my ward because of the fact that there is such a large acreage open to grazing and there are many people who now benefit from it."

Mr. Hooter was born in Ouachita parish, where he has resided all his life, and where he has reared his family. He has served the public as clerk in Faulk's drug store for many years, and is now farming in Ward 4.

ECLIPSE OF MOON IS WATCHED HERE

A group of Monroe people watched the eclipse of the moon on Friday night with interest. Dr. H. H. Baur, Clyde Blanchard and Mr. and Mrs. John Naylor formed a party in the south side who derived pleasure in watching the changing formations for nearly three hours.

At 9 p.m. there was a bright full moon. In a half-hour the wind changed from the west to the north and the temperature dropped rapidly. The little group of moon gazers on the porch of the Naylor home found their light clothing insufficient for the suddenly lowered temperature. Getting into warmer wraps they sat it out.

At 10:50 p.m. the left side of the moon began to fade out and this process continued until 12:22 a.m. when the moon was all overcast.

Pictures of the various stages of the moon were taken by Mr. Naylor.

UNITED INSTALLS TESTING EQUIPMENT

Modern surgical equipment has made it possible to save many lives. Modern automotive equipment, likewise, saves the lives of automobile engines and enables car owners to drive farther for less money.

One of the most effective and efficient pieces of modern equipment, the Bendix Universal Dynamometer, has been installed in Monroe at United Electric Service, Inc., 308 North Third street. It is shown in the above picture.

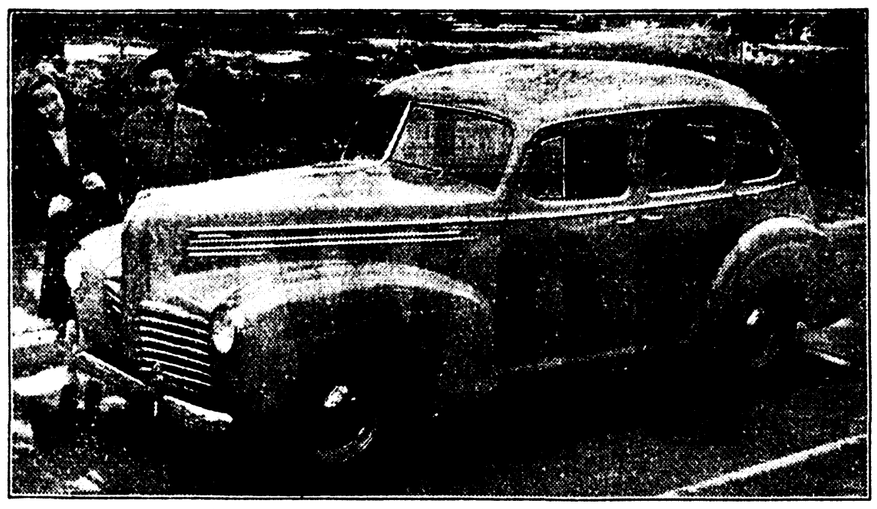
The Bendix Universal Dynamometer provides an excellent means of determining the exact condition of any automobile engine. On it, any car can be driven at speeds comparable to all types of road driving. Thus car owners of Monroe and vicinity can have their cars tested accurately, have the trouble diagnosed correctly and motor improvements made immediately.

Always a progressive firm offering specialized automotive service, United Electric Service is now better able than ever to serve the motoring public.

The Dynamometer operated by United Electric Service is the only one in Louisiana outside of New Orleans and is the type of equipment used by automobile manufacturing companies in adjusting cars as they leave the assembly lines.

In addition to operating a Bendix Universal Dynamometer, United Electric Service sells them. They are available in several models.

THIS 1940 HUDSON SIX DELIVERED FOR $848



Low-cost luxury, smart styling, improved performance and economy of operation are combined in this 1940 Hudson six, which is delivered here by Shorty's Body Shop and Garage, 309 Washington street, for $848, an unbeatable price.

New features, new fabrics and a new style of upholstery are offered in this new 92-horsepower Hudson in addition to engineering advances in performance, independent front wheel coil springing, ride comfort and roadability. This automobile is an exact counterpart of the Hudson six sedan that set new A.A.A. records for endurance by traveling 20,000 miles at an average speed of 70.58 miles per hour.

Hudson six tudors are delivered in Monroe by Shorty's for $822; Hudson six coupes, for $755.

Bert S. Craggs has joined Shorty's Body Shop and Garage and invites his many friends in Monroe and vicinity to visit the firm's show room and inspect the various Hudson models on display. "We are in a position," he said, "to give you a fine, tailor-made, beautifully and fully equipped car in the low price field."

Besides being the Hudson dealer, Shorty's engages in complete automotive repair service, including body and fender work.

Lane Wilson Has Miracle Powder

Have you heard of the miracle-working powder that produces five-inch rose buds daffodils bigger than a salad plate, snapdragons six feet tall and other wonders in the flower garden?

It's vitamin B-1 and Lane Wilson Seed company, 115 North Grand street, the firm that prides itself on being first in the realm of seed, feed and fertilizer, has it.

The introduction of vitamin B-1 here is particularly timely, as the fall planting season has just got under way. Now's the time to plant both flowers and vegetables and to sow winter lawns.

Now's the time to plant flower seed as well as bulbs. Here's what to plant: Alyssum, anchusa, antirrhinum (snapdragon), calendula, candytuft, cornflower (ragged robin), columbine, shasta daisy, delphinium, dianthus, escholtzia, forget-me-not, gypsophilnoia, hollyhock, larkspur, lupins, pansy, petunia, annual phlox, poppies, salpiglossis, schizanthus, stocks, sweet peas, sweet William, Texas blue bonnet, torenia and verbena.

Pansy plants are now available at Lane Wilson Seed company, as is everything required in flower and vegetable gardening. If it's new, you'll as the court has asserted. If he doesn't

Oats As Utility Crop Is Stressed

The general utility of oats as a feed crop is stressed by Tyner-Petrus company, seed, feed, fertilizer and farm supply firm located at 311 Trenton street, West Monroe.

Besides providing winter pasturage and range for livestock, hogs and poultry, oats later produce grain for them. In view of the fact that it requires no cultivation—merely has to be sown and harvested—it can be grown cheaper than corn. Moreover, it is a surer crop than corn and matures early enough to allow other crops to be grown on the land.

The winter pasturage value alone is sufficient reason for growing oats, the planting season for which is now at hand. Stock and cattle require succulent feed as a supplemental diet during the winter. Provide them with it by planting oats.

Tyner-Petrus has a complete stock of Louisiana Red Rust Resisting, Ferguson 922 and Coker Full Grain oats. These oats are of 100 per cent purity and their germination is 98 per cent or better.

Coaker Full Grain oats mature two weeks earlier than the other varieties and the yield is heavier, around 100 bushels to the acre.

Tyner-Petrus company suggest that five bushels of Louisiana Red Rust Resisting and Ferguson 922 oats be sown to the acre on good land. Three bushels of Coker oats to the acre is sufficient, however.

AS TARZAN WAS STRUGGLING FREE OF HIS VICTIM'S CARCASS, THE SHE-LEOPARD SPRANG AT HIM. AT THE SAME MOMENT, A FLYING BULK FLASHED PAST HIM IT WAS BO-DEK

THE BABOON'S FANGS SANK INTO THE LEOPARD'S THROAT AND RIPPED ITS JUGULAR VEIN.

BEFORE TARZAN COULD JOIN THE FRAY, THE BEAST FELL DEAD. BO-DEK AND TARZAN STARED ADMIRINGLY AT EACH OTHER.

THEY HAD RISKED THEIR LIVES TOGETHER. THEIR FRIENDSHIP WAS SEALED IN THE BLOOD OF THE CONQUERED FOE.

NOW BO-DEK LED HIS TRIBE TO THEIR RAVINE REFUGE. TARZAN RETURNED TO THE VAN BOEREN'S, WHERE----

-HE FOUND KLAAS VANGER ESTABLISHED IN THE BOSOM OF THE FAMILY BECAUSE OF HIS "HEROIC RESCUE" OF MATEA.

"I'VE MADE PEACE WITH THE SAVAGES," TARZAN REPORTED. "BUT I'LL STAY UNTIL I DISCOVER WHO STIRRED THEM UP."

THE GUILTY VANGER TREMBLED INWARDLY. HE MUST FIND A WAY TO DESTROY THIS MEDDLING FELLOW!

NEXT DAY, VANGER SET OUT FOR A HUNT. GROOT CARLUS WARNED HIM, POINTING TO A DISTANT RAVINE.

"KEEP CLEAR OF DUIVELSKLOOF! FIERCE BABOONS LIVE THERE. WE LEAVE THEM ALONE--- THEY LEAVE US ALONE!"

ANDY, ISN'T THIS WONDERFUL! I'M SO HAPPY!

BUT I'D WILLINGLY GIVE THAT AND MORE FOR THE PLEASURE OF PRESENTING THAT MISERABLE CARICATURE OF A HUMAN BEING A NECKLACE OF THESE TEN FINGERS!

-BUT UNFORTUNATELY I'M DENIED THAT RARE PRIVILEGE - CHAPEL IS PROBABLY HALF WAY AROUND THE WORLD BY NOW -

THANK GOODNESS! I'D HAVE DIED A THOUSAND DEATHS IF I HAD KNOWN THE DANGER YOU WERE IN WHEN YOU WERE TRACKING HIM DOWN!!!

I'M GRATEFUL TO PROVIDENCE THAT YOU ARE WHERE NO HARM CAN COME TO YOU NOW - GOODNIGHT, DEAR -
